**PERSONNEL POLICIES GOALS**

The School Committee, though they are no longer involved in the process of hiring school district employees other than the Superintendent, Legal Counsel, Assistant or Associate Superintendent, Business Administrator, Administrator of Special Education, School Physician, School Nurses, and Supervisor of Attendance, they are responsible to the students and residents of the school district to ensure that the highest quality individuals available are hired to meet the District's needs.

The District's specific personnel goals are:

1. To develop and implement those strategies and procedures for personnel recruitment, screening, and selection that will result in the employment and retention of individuals with the highest capabilities, strongest commitment to quality education, and greatest probability of effectively implementing the system's instructional program.
2. To develop a general staff assignment strategy that will contribute to the learning program, and to use it as the primary basis for determining staff assignments. Assignments are subject to change based on school needs such as staff vacancies and/or school needs.
3. To provide staff development programs that contribute both to improvement of the instructional program and to each staff member's career development aspirations and recertification.
4. To provide for a genuine team approach to education and to foster a collaborative partnership with all members of the educational community.
5. To develop processes to be used for personnel evaluation that will contribute to improvement of both staff capabilities and student achievement.
6. To make every effort to diversify the staff so that it reflects the greater society in gender, race and ethnicity.

## **SCHOOL COMMITTEE-STAFF COMMUNICATIONS**

The School Committee wishes to maintain open channels of communication between itself and the staff. The basic line of communication will, however, be through the Superintendent.

### Staff Communications to the School Committee

All communications or reports to the Committee or any of its subcommittees from principals, supervisors, teachers, or other staff members will be submitted through the Superintendent. This procedure does not deny the right of any employee to appeal to the Committee from administrative decisions on important matters, except those matters that are outside the Committee's legal authority, provided that the Superintendent has been notified of the forthcoming appeal and that it is processed in accordance with the Committee's policy on complaints and grievances. Staff members are also reminded that Committee meetings are public meetings. As such, they provide an excellent opportunity to observe first hand the Committee's deliberations on problems of staff concern.

### School Committee Communications to Staff

All official communications, policies, and directives of staff interest and concern will be communicated to staff members through the Superintendent. The Superintendent will develop appropriate methods to keep staff fully informed of the Committee's issues and actions.

### Visits to Schools

Individual School Committee members interested in visiting schools or classrooms will inform the Superintendent of such visits and make arrangements for visitations through the Principals of the various schools. Such visits will be regarded as informal expressions of interest in school affairs and not as "inspections" or visits for supervisory or administrative purposes. Official visits by Committee members will be carried on only under Committee authorization. The School Committee will make a minimum of one visit each year to each school.

File: GBEA

**STAFF ETHICS / CONFLICT OF INTEREST**

The School Committee expects members of its professional staff to be familiar with the code of ethics that applies to their profession and to adhere to it in their relationships with students, parents/guardians, coworkers, and officials of the school district.

No employee of the Committee will engage in or have a financial interest in, directly or indirectly, any activity that conflicts or raises a reasonable question of conflict with their duties and responsibilities in the school district. Nor will any staff member engage in any type of private business during school time or on school property.

Employees will not engage in outside employment of any type where information concerning customer, client, or employer originates from any information available to them through school sources.

Moreover, as there should be no conflict of interest in the supervision and evaluation of employees, at no time may any administrator responsible for the supervision and/or evaluation of an employee be directly related to them.

Every two years, all current employees, including School Committee members, must complete the State Ethics Commission's online training. New employees must complete this training within 30 days of beginning employment and every 2 years thereafter. Upon completing the program, employees should print out the completion certificate and keep a copy for themselves. Employees will be required to provide a copy of the completion certificate to the municipal or district Clerk through the Superintendent's office.

In order to avoid the appearance of any possible conflict, it is the policy of the School Committee that when an immediate family member, as defined in the Conflict of Interest statute, of a School Committee member or district administrator is to be hired into or promoted within the School District, the Superintendent shall file public notice with the School Committee and the Municipal or District Clerk at least two weeks prior to executing the hiring in accordance with the law.

**STAFF CONDUCT**

All staff members have a responsibility to familiarize themselves with and abide by the laws and regulations of the State as these affect their work, the policies of the School Committee, and the procedures designed to implement them.

In the area of personal conduct, the Committee expects that teachers and others will conduct themselves in a manner that not only reflects credit to the school district but also sets forth a model worthy of emulation by students.

All staff members will be expected to carry out their assigned responsibilities with conscientious concern.

LEGAL REFS.: M.G.L. 71:37H

**GIFTS TO AND SOLICITATIONS BY STAFF**

Gifts

The acceptance of gifts worth \$50 or more by school personnel in a calendar year when the gift is given because of the position they hold, or because of some action the recipient could take or has taken in their public role, violates the conflict of interest law. Acceptance of gifts worth less than \$50, while not prohibited by the conflict of interest law, may require a written public disclosure to be made.

In keeping with this policy, no employee of the school district will accept a gift worth \$50 or more that is given because of the employee's public position, or anything that the employee could do or has done in their public position. Gifts worth less than \$50 may be accepted, but a written disclosure to the employee's appointing authority must be made if the gift and the circumstances in which it was given could cause a reasonable person to think that the employee could be improperly influenced. The value of personal gifts accepted is aggregated over a calendar year (4 gifts of \$20 value is the same as 1 gift of \$80 if given in the same calendar year).

In general, homemade gifts without retail value are permissible because a reasonable person would not expect an employee would unduly show favor to the giver, so no disclosure is required. Such gifts could include homemade food items (cookies, candy, etc), handpicked flowers, and handmade gifts worth less than \$10 (ten) dollars.

Class Gifts

There is a specific exception to the prohibition against accepting gifts worth \$50 or more, when the teacher knows only that the gift is from the class, not from specific donors. A single class gift per calendar year valued up to \$150 or several class gifts in a single year with a total value up to \$150 from parents/guardians and students in a class may be accepted provided the gift is identified only as being from the class and the names of the givers and the amounts given are not identified to the recipient. The recipient may not accept an individual gift from someone who contributed to the class gift. It is the responsibility of the employee to confirm that the individual offering such gift did not contribute to the class gift.

Gifts for School Use

Gifts given to a teacher solely for classroom use or to purchase classroom supplies are not considered gifts to an individual employee and are not subject to the \$50 limit. However, an employee who accepts such gifts must keep receipts documenting that money or gift cards were used for classroom supplies.

Solicitations

In spirit, the School Committee supports the many worthwhile charitable drives that take place in the community and is gratified when school employees give them their support. However, the solicitation of funds from staff members through the use of school personnel and school time is prohibited by the conflict of interest law. Therefore, no solicitations of funds for charitable purposes should be made

among staff members. Staff members of course remain free to support charitable causes of their own selection.

## **ONLINE FUNDRAISING AND SOLICITATIONS - CROWDFUNDING**

School District employees shall comply with all of the following provisions relating to online solicitations and the use of crowdfunding services for school-related purposes as well as all applicable laws, regulations and district policies. No online fundraising may occur except as provided below.

The Superintendent shall have final authority to approve any online fundraising activities by school district employees and shall determine and communicate to Principals the circumstances under which online fundraising proposals shall require Superintendent or School Committee approval in accordance with law and school district policy. The Principal of each school shall approve all online fundraising activities within their buildings prior to any employee posting any such fundraising solicitation.

Any solicitation shall be for educational purposes only (field trips, supplies, supplemental materials, books, etc.). The solicitation of personal items (coats, nutritional snacks, etc.) shall only be to benefit students directly. To the extent an employee solicits any technology or software, the employee shall secure the prior written approval of the Director of Technology or designee prior to any such solicitation. Any employee seeking to display or post a photograph of a student in conjunction with a fundraising solicitation must first secure the written consent of the student's parent or guardian.

Employees shall not use a crowdfunding source, or set up their appeal in such a way, that they are asking for donations directly from people over whom the employee making the request has authority, or with whom the public employee is having official dealings (such as parents/guardians of student's in a teacher's classroom - the solicitation can say "Classroom X needs tissues and crayons," but it shouldn't be directed to parents/guardians who have shared email addresses with the teacher for purposes of communicating about their student).

Employees using crowdfunding services shall periodically disclose in writing to the Superintendent the names of all individuals whom the employee has directly solicited in any manner including but not limited to oral, written, or electronic solicitation. The Superintendent shall maintain these disclosures as public records available for public review.

Employees may only use crowdfunding services that send the items or proceeds solicited by the employee directly to the employee's school or to the school district. Employees must verify under the crowdfunding service's terms and conditions that they meet all requirements for such solicitation. Items or proceeds directly sent to employees are considered gifts to the employee and may result in violation of state ethics laws.

If an employee's proposal is approved by the crowdfunding service, the employee agrees to use the donated materials solely as stated in the employee's proposal.

If a solicitation is not fully funded within the time period required by the crowdfunding service, or the solicitation cannot be concluded for any reason, every attempt will be made to return donations to the donors. Donations unable to be returned shall only be used as account credits for future solicitations.

File: GBEBD

Unless otherwise approved by the Superintendent in writing, all goods and/or proceeds solicited and received through any online solicitation shall become the property of the School Committee, and not of the individual employee who solicited the item(s) or funds. The employee is prohibited from taking any such item(s) or funds to another school or location, without the Superintendent's written approval.

**PERSONNEL USE OF TECHNOLOGY**

The School Committee recognizes that the use of technology is an important part of preparing students for adult life. As such, the School Committee expects that staff will use technology as provided, as necessary, and as beneficial.

Employees shall use digital resources in a responsible, efficient, ethical, and legal manner in accordance with the mission of the district. Staff members are responsible for teaching and for modeling responsible digital citizenship. The digital resources are provided to support the work of the district; occasional personal communication is permitted so long as such use does not interfere with the employee's job duties and performance, with systems operation, other users, or network performance. All use must comply with the policies and procedures of the X Public Schools.

All staff must agree to and sign an appropriate digital use form prior to being granted access to district digital resources.

Staff is required to use their school-issued accounts, not personal accounts, for all communication with students, and parents/guardians; such accounts must be used with other staff members when conducting school business.

Employees communication is a matter of public record. This extends to employee use of social media when conducting district business.

Any online activities that would not be considered appropriate in the classroom should not be conducted online. High standards of appropriate online communication and conduct must be maintained.

Team, class, or student organization pages, accounts, or groups will be created only in conjunction with the coach or faculty advisor. All groups must include the appropriate administrator as a member. Access to the page will remain with the coach or faculty advisor.

All contact and messages by coaches and faculty advisors with team members shall be sent to all team members, except for messages concerning medical or academic privacy matters, in which case the messages will be copied to the appropriate administrator.

When interacting with students online, group interactions are encouraged and should include two staff members. One-to-one interactions should be avoided.

Failure to uphold the responsibilities above is misuse, which may lead to disciplinary action.

Through its overall safety program and various policies pertaining to school personnel, the Committee will seek to assure the safety of employees during their working hours and assist them in the maintenance of good health.

The Superintendent may require an employee to submit to a physical examination by a physician appointed by the school district whenever that employee's health appears to be a hazard to children or others in the school district or when a doctor's certificate is needed to verify need for sick leave.

- (iii) the employee must not be the perpetrator of the abusive behavior against such employee’s family member.

An employee seeking such leave shall exhaust all annual or vacation leave, personal leave and sick leave available to the employee, prior to requesting or taking domestic violence leave, unless the employer waives this requirement. The employer determines that the leave shall be unpaid.

Except in cases of imminent danger to the health or safety of an employee, advanced notice of domestic violence leave shall be required. The notification may be communicated to the employer by the employee, a family member of the employee or the employee’s counselor, social worker, health care worker, member of the clergy, shelter worker, legal advocate or other professional who has assisted the employee in addressing the effects of the abusive behavior. If an unscheduled absence occurs, an employer shall not take any negative action against the employee if the employee, within 30 days from the unauthorized absence or within 30 days from the employee’s last unauthorized absence in the instance of consecutive days of unauthorized absences, provides any of the documentation found in (1) to (7) below. An employer may require documentation that the employee or employee’s family member has been a victim of abusive behavior and that the leave is consistent with clauses (i) to (iii) as above referenced; provided, however, that an employer shall not require an employee to show evidence of an arrest, conviction or other law enforcement documentation for such abusive behavior. - (7) a sworn statement, signed under the penalties of perjury, from the employee attesting that the employee has been a victim of or is a family member of a victim of abusive behavior.

All information related to the employee's leave shall be kept confidential and shall not be disclosed, except to the extent that disclosure is:

- (i) requested or consented to, in writing, by the employee;
- (ii) ordered to be released by a court of competent jurisdiction;
- (iii) otherwise required by applicable federal or state law;
- (iv) required in the course of an investigation authorized by law enforcement, including, but not limited to, an investigation by the Attorney General; or
- (v) necessary to protect the safety of the employee or others employed at the workplace.

The Superintendent shall ensure that notice is provided to all employees in the next school year and beyond by appropriately amending the district's employee handbooks, by whatever title they may be known, or by direct notice about the Domestic Violence Law and securing the employees signature acknowledging receipt of the handbook/notice. The Superintendent shall be responsible for notifying all current employees, unless they have been notified through the handbook, of this policy in a manner that they deem appropriate.

No employer shall coerce, interfere with, restrain or deny the exercise of, or any attempt to exercise, any rights provided herein or to make leave requested or taken contingent upon whether or not the victim maintains contact with the alleged abuser. No employer shall discharge or in any other manner discriminate against an employee for exercising the employee's rights under law. In connection with campaigning, an employee will not: use school system facilities, equipment or supplies; discuss his campaign with school personnel or students during the working day; use any time during the working day for campaigning purposes. **PERSONNEL RECORDS**

Information about staff members is required for the daily administration of the school district, for implementing salary and other personnel policies, for budget and financial planning, for responding to appropriate inquiries about employees, and for meeting the School Committee's education reporting requirements. To meet these needs, the Superintendent will implement a comprehensive and efficient system of personnel records maintenance and control under the following guidelines:

1. A personnel folder for each present and former employee will be accurately maintained in the central administrative office. In addition to the application for employment and references, the folders will contain records and information relative to compensation, payroll deductions, evaluations, and any other pertinent information.
2. The Superintendent will be the official custodian for personnel files and will have overall responsibility for maintaining and preserving the confidentiality of the files within the provisions of the law.
3. Personnel records are considered confidential under the law and will not be open to public inspection. Access to personnel files will be limited to persons authorized by the Superintendent to use the files for the reasons cited above.
4. Each employee will have the right, upon written request, to review the contents of their own personnel file.
5. Employees may make written objections to any information contained in the file. Any written objection must be signed by the staff member and will become part of the employee's personnel file. Further, no negative comment will be placed in a staff member's file unless it is signed by the person making the comment and the staff member is informed of the comment and afforded the opportunity to include his written response in the file.
6. Lists of school district employees' names and home addresses will be released only to governmental agencies as required for official reports or by the laws.

### **STAFF COMPLAINTS AND GRIEVANCES**

The School Committee will encourage the administration to develop effective means of resolving differences that may arise among employees and between employees and administrators; reduce potential areas of grievances; and establish and maintain recognized channels of communication between the staff, administration, and School Committee.

It is the Committee's desire that grievance procedures provide for prompt and equitable adjustment of differences at the lowest possible administrative level, and that each employee be assured opportunity for an orderly presentation and review of complaints and concerns.

Channels established will provide for the following:

1. That teachers and other school employees may appeal, in writing, a ruling of a Principal or other administrator to the Superintendent.
2. That all school employees may appeal a ruling of the Superintendent to the Committee, except in those areas where the law has specifically assigned authority to the Principal and/or the Superintendent and Committee action would be in conflict with that law.
3. That all hearings of complaints before the Superintendent or Committee be conducted in the presence of the administrator who made the ruling that is the subject of the grievance.

The process established for the resolution of grievances in contracts negotiated with recognized employee bargaining units will apply only to "grievances" as defined in the particular contract.

**PROFESSIONAL STAFF POSITIONS**

All professional staff positions in the school district will be created initially by the School Committee. It is the Committee's intent to activate a sufficient number of positions to accomplish the school system's goals and objectives and to provide for the equitable staffing of each school building. Although such positions may remain temporarily unfilled, only the Committee may abolish a position it has created.

Each time a new position is established by the Committee, or an existing position is modified, the Superintendent will present for the Committee's approval a job description for the position, which specifies the jobholder's qualifications and the job's performance responsibilities. The Superintendent will maintain a comprehensive set of job descriptions for all positions.

**PROFESSIONAL STAFF SALARY SCHEDULES**

Teachers

The School Committee will adopt a salary schedule for regular teaching personnel as part of the contract negotiated with the teachers' bargaining unit. The schedule will be designed to recognize and reward training and experience and encourage additional study for professional advancement.

Principals

Salaries will be reviewed annually prior to July 1. The School Committee, with the advice of the Superintendent, will establish levels of compensation for each position based on the circumstances, dynamics, and requirements of each position. It is the responsibility of the Superintendent to present evidence to the School Committee to support recommendations for merit increases.

Administrators

Salaries will be reviewed annually unless otherwise stated in contract prior to July 1. The Superintendent may, upon the request of the Committee, survey other school districts to determine salaries being paid for comparable positions in each districts. The survey will include the effective date of the specified salary.

The compensation/benefit levels, above referenced, may be exceeded only with the approval of the School Committee.

The length of second and subsequent contracts of employment for Principals shall be in accordance with state law.

**PROFESSIONAL STAFF SUPPLEMENTARY PAY PLANS**

Certain assignments require extra responsibility or extra time over and above that required of other staff members who are on the same position on the basic salary schedule. When such supplemental assignments require extra time and responsibility beyond that regularly expected of teachers, they may be rewarded with extra compensation as stated in the terms of the contract.

Assignments that are to be accorded extra compensation will be designated by the Committee. Appointments to these positions will be made by the Superintendent for District-wide positions or by the Principal with the approval of the Superintendent for building based personnel. The amount of compensation for the position will be established by the Committee at the time the position is created.

A teacher who is offered and undertakes a supplementary pay assignment will receive a supplementary contract specifying the pay, duration and terms of the assignment. If a teacher will not be extended the assignment for the following school year but will remain on the teaching staff, they will be so notified in writing prior to the expiration of the contract. Upon termination of the assignment, the supplementary pay will cease.

**PROFESSIONAL STAFF RECRUITING/POSTING OF VACANCIES**

It is the responsibility of the Superintendent, with the assistance of the administrative staff, to determine the personnel needs of the school district and it is the responsibility of the Principal, in consultation with the Superintendent, to determine the personnel needs of the individual schools. In addition, school councils may review personnel requirements as a means of evaluating the needs of a school. Any recommendations for the creation or elimination of a position must be approved by the School Committee.

The search for good teachers and other professional employees will extend to a wide variety of educational institutions and geographical areas. It will take into consideration the characteristics of the town and the need for a heterogeneous staff from various cultural backgrounds.

Recruitment procedures will not overlook the talents and potential of individuals already employed by the school district. Any current employee may apply for any position for which they have licensure and meet other stated requirements.

Openings in the schools will be posted in sufficient time, before the position is filled, to permit current employees to submit applications.

## **PROFESSIONAL STAFF HIRING**

Through its employment policies, the District will strive to attract, secure, and hold the highest qualified personnel for all professional positions. It is the responsibility of the Superintendent, and of persons to whom they delegate this responsibility, to determine the personnel needs of the school district and to locate suitable candidates. No position may be created without the approval of the School Committee. The District's goal is to employ and retain personnel who are motivated, will strive always to do their best, and are committed to providing the best educational environment for the children

It will be the duty of the Superintendent to see that persons considered for employment in the schools meet all licensure requirements and the requirements of the Committee for the type of position in which they will serve.

The following guidelines will be used in the selection of personnel:

1. There will be no discrimination in the hiring process due to race\*, color, sex, sexual orientation, gender identity, religion, disability, age, genetic information, active military/veteran status, marital status, familial status, pregnancy, or pregnancy-related condition, homelessness, ancestry, ethnic background, national origin, or any other category protected by state or federal law..
2. The quality of instruction is enhanced by a staff with a wide variation in background, educational preparation, and previous experience.
3. The administrator responsible for the hiring of a staff member (in the case of District-wide positions, for the position of Principals, it is the Superintendent; for building-based personnel, it is the Principal) is directed to establish a representative screening committee. The administrator has the final say in determining who will be hired but it is expected that the screening committee's input will be a factor in the decision. For those positions where the hiring authority rests with the School Committee, a representative screening committee may be established by the School Committee, or the School Committee may direct the Superintendent to establish a screening committee to assist the Superintendent in making their recommendation to the School Committee.

**SUBSTITUTE PROFESSIONAL STAFF EMPLOYMENT**

To the extent possible, the school district will employ as substitute teachers persons who meet the requirements for teacher appointments and will assign teachers substitute-teaching positions on the basis of their areas of competence. When the supply of potential substitutes in a particular subject area is too limited to meet school department needs, there will be active recruitment for substitutes in those areas. All substitute teachers will be expected to provide educational services, rather than to assume merely a student-supervisory role. They will be provided with as much support as possible by building administrators and teachers.

The School Committee will set the daily rate of pay for substitute teachers, including extended-term substitutes. The latter will be granted such additional benefits as approved by the School Committee.

**PHILOSOPHY OF STAFF DEVELOPMENT**

All staff members will be encouraged in and provided with suitable opportunities for the development of increased competencies beyond those they may attain through the performance of their assigned duties and assistance from supervisors.

The Superintendent will have authority to approve or deny released time for conferences and visitations and reimbursements for expenses, provided such activities are within budget allocations for the purpose.

Opportunities for professional growth may be provided through such means as the following:

1. Planned in-service programs and workshops offered within the school district from time to time; these may include participation by outside consultants.
2. Membership on curriculum development committees drawing personnel from within and without the school district.
3. Released time for visits to other classrooms and schools and for attendance at conferences, workshops, and other professional meetings.

### **PROFESSIONAL TEACHER STATUS**

The Superintendent, upon recommendation of the Principal, may award such status to a teacher who has served in the Principal's school for not less than one year or a teacher who has obtained such status in any other public school district in the Commonwealth. The Superintendent will base their decisions on the results of evaluation procedures conducted according to Committee policy.

At the end of each of the first three years of a teacher's employment, it will be the responsibility of the Superintendent to notify each employee promptly in writing of the decision on reappointment. Notification to a teacher not being reappointed must be made by June 15 or at an earlier date if required by a collective bargaining agreement.

A teacher who attains professional teacher status will have continuous employment in the service of the school district subject to satisfactory evaluations. A teacher with professional teacher status whose position is abolished by the School Committee may be continued in the employ of the school district in another position for which they are legally qualified.

Nothing in these provisions will be considered as restricting the Superintendent from changing teaching assignments or altering or abolishing supervisory assignments except that, by law, no teacher may be assigned to a position for which they are not legally qualified.

**PROFESSIONAL STAFF ASSIGNMENTS AND TRANSFERS**

The basic consideration in the assignment of professional staff members will be the needs of the students and the instructional program.

Therefore, the assignment and transfer of professional staff members will be accomplished by the Superintendent on the basis of the employee's qualifications, the needs of the school district, and the employees' expressed desires.

Within an individual school, the building administrator will have the authority to assign classes and courses, provided this is done with full regard for the teacher's area of certification and the policies delineated above.

### **EVALUATION OF PROFESSIONAL STAFF**

In order to assure a high quality of teacher and administrator performance and to advance the instructional programs of the schools, a continuous program for teacher and administrator evaluation will be established by the School Committee. Regular reports will be made to the Superintendent concerning the outcomes of these evaluations.

The evaluation process will include:

1. The development and periodic review of techniques and procedures for making evaluations.
2. Interpretation of the information gained in the evaluative process in terms of the objectives of the instructional program.
3. The application of the information gained to the planning of staff development and in-service training activities, which are designed to improve instruction and increase teacher competence.

The evaluation process will include self-evaluation, supervisor initiated observations, and teacher initiated observations.

The formal evaluations will be written and will be discussed by the supervisor and the person being evaluated. The discussions may either precede or follow the writing of the evaluation document. Copies of the written document will be signed by both parties and incorporated into the personnel files of the teacher or administrator. In addition, the individual and ~~his~~ ~~their~~ department chairman (if applicable) will receive a signed copy. The signature should indicate that the evaluation has been read and discussed.

The written evaluation should be specific in terms of the person's strengths and weaknesses. Those areas where improvement is needed should be clearly set forth and recommendations for improvement should be made. Subsequent evaluations should address themselves to any improvement or to any continuing difficulty that is observed.

**SUSPENSION AND DISMISSAL OF PROFESSIONAL STAFF MEMBERS**

The Superintendent will strive to assist personnel to perform their duties efficiently. However, the Superintendent may dismiss any employee in accordance with state law. Further, the Committee recognizes the constitutional rights of the District's employees and assures them the protection of due process of law. To guarantee such rights, a system of constitutionally and legally sound procedures will be followed in each case of suspension or dismissal of an employee.

When the Superintendent or a Principal determines that sufficient cause exists that a professional employee be suspended or dismissed from service in the school district, they will:

1. Be certain that each such case is supported by defensible records.
2. Determine if the individual is to be suspended immediately with the understanding that the suspension will be subject to restoration of salary and position if an appeal is decided in favor of the individual.
3. Follow the procedures for dismissal or suspension that are contained in applicable laws as well as those included in the current agreement with the teachers' bargaining unit.
4. Provide the individual involved with a written statement that will:
  - a. Indicate whether the action the Superintendent is taking is dismissal or suspension.
  - b. State the reason for the suspension or dismissal.
  - c. Guarantee that all procedures will be in accordance with due process of law.
  - d. Inform employees who have a right to request a hearing under appropriate laws that they may be represented at such a hearing by counsel of their choice.

## **TUTORING FOR PAY**

Definition: "Tutoring" means giving private instruction or help to an individual or group for which the teacher receives remuneration other than through the School Committee.

A teacher cannot recommend that one of their own students get tutoring, and then be paid to tutor that same student in a second job.

A teacher may not tutor students who are currently in their class. Even if the teacher does not recommend that the current student receive private tutoring, the teacher should not tutor current students.

Teachers and other public employees may not approach a student, or the student's parents/guardians, seeking private tutoring work. A teacher may provide tutoring when the relationship is initiated by the parents/guardians or a student, but, if the student is, or in the future may be, under the teacher's authority, the teacher will need to provide a written disclosure.

A teacher cannot use school resources such as classrooms or materials in connection with a private tutoring business. A public school employee cannot use a school or district website to advertise private tutoring services. Schools cannot send home brochures for a particular tutoring service with the children.

Tutoring is not to be recommended for a student unless the appropriate teacher of the student involved is consulted and agrees that it will be of real help. If tutoring seems advisable, the Principal may give the parents/guardians a list of persons who are willing to tutor. This list may include teachers, but not the student's teacher of the subject in which they are to be tutored.

Tutoring for pay is not to be done in the school building.

Such review, where applicable, will be carried out in connection with negotiations with representatives of recognized bargaining units. The master agreements with these units will have the full force of School Committee policy.

The School Committee will set the rates of pay for personnel not covered by collective bargaining agreements.

Overtime

Support staff employees will be paid overtime wages for work performed in excess of 40 hours in a work week.

In counting hours for the purpose of allowing overtime work and pay, supervisors will consider sick leave, vacation time, and holidays as time worked.
